Mobile phone	
Home phone	
Email	
What TygaFM training have you completed?	
Is your membership up to date?	
Other people in your team if you have them	
Name	
Name	
Name	
Confirm that you are able to present the program live to air each week including public holidays	

Core Program Details

Proposed Program Name Less than 20 characters is ideal	
Ideal duration Options are 30 or 60 minutes, 2 hours	
Put these timeslot options in order of preference not all of these timeslots will be available and we can't promise but at least we'll know your preference. Also consider the sound and style of your program	
Very Short description no more than 40 characters	
Paragraph Description no more than 100 words	

Other things we need to consider

Name three things that make your program unique, innovative and engaging

When answering this, also consider if there is similar media in New Norfolk (radio, tv, online, print etc) and if so how will your show provide something different? Just a sentence at most for each answer.

Type here

Provide an outline and program structure and content for three programs Eg interview topics, guests, music, how the program will be structured, in no more than 100 words per program

Type here

MAKE A DEMO to go with your application

- 10 - 20 minutes please, no more. We're after a condensed version, with enough info to allow us to see what you will sound like
- Start with a 'theme', program rundown (of a typical program) and then enough of the various types of items in your show to give us a feel for how it would sound
- Include all team members any others involved.
- Don't include entire songs - just the first 30 seconds and last 30 seconds – because what we're most interested in hearing is you
- Save in Transfer/Program Proposals with the file name as <Program Name>-Demo

Sign and date your application
